The Big Draw

Top facts

- The first artists used ashes from fire, red clay or natural pigments from plants for paint.
- Modern art can now be created on computers and tablets
- Some artists create art that is displayed in museums or galleries. Other artists produce art for books, movies, commercials and websites.
- Painting the Mona Lisa's lips took Leonardo da Vinci 12 years! Only the lips!
- Leonardo da Vinci was a vegetarian and also fought for animal rights. He bought caged birds and then set them free.
- Pablo Picasso was an animal lover. He owned a pet monkey, a goat, an owl, a turtle and packs of dogs and cats

Key Vocabulary and Definitions			
Artist	A person who creates paintings or drawings as a profession	Tertiary Colours	Tertiary colors are the six 'in-between' colors. They are each a mixture of one Primary Color plus its nearest Secondary. They are complex and seductive. But beware!
Collage	Art made by cutting up materials such as colored paper, string, fabric, and newspaper and then gluing them together to make a picture.	Texture	The look and feel of the canvas in painting. This can vary on how the paint is applied. Other materials may be added to change the texture.
Primary Colours	Red, yellow, and blue. All of the other colors can be made from these three.	Portrait	A drawing or painting of a person or people.
Secondary Colours	The Secondary colors are Orange, Purple and Green. They are the 'children' of each pair of Primary colors.	Landscape	A painting of nature and the land such as the ocean, mountains, trees, and sky.
